

Forms Instructions

When you send in forms to the US office, I simply forward them on to Germany. I do not check to see what is needed. I am basically a US address for the FPZV.

I got a list the other day of forms that are missing for the registration documents form our 2008 inspection. I also figure there are a lot of new members who do not know what all is needed.

When you are filling these forms out, please read all the directions and send the appropriate fees when you submit them.

When you submit these forms, please keep a copy for your records. Neither the office in Germany or the office in the USA is perfect and sometimes things do get lost.

Mare Report

Each FPZV mare needs to submit a Mare Breeding Report each year whether the mare is bred or not. This form is due by October 1.

Stallion Breeding Certificate

This form is to be sent by the Stallion owner to each mare owner at the time of shipping semen. The mare owner is to return this form to the stallion owner within 30 days. The stallion owner must submit this form by October 1.

Stallion Breeding Report

This is a form prepared by the stallion owner that lists all of the purebred mares that are bred. If you want to put the other breeds on this form, that is fine but is not necessary. I just now realized that this form is not on the website but will be very soon. This form is also due in the US office by October 1.
